

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Aglaonema

Aglaonema species

Aglaonema are a beautiful and popular indoor house plant. Use this care card for tips and tricks that will help your plant thrive for years to come.

Indoor plant

70°–85°

Outdoor plant

60°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☀ Care

Easy to care for and easy to love.

☀ Light

Enjoys a lot of bright light but not direct sunlight. Plants with dark leaves prefer partial sun.

💧 Water

Water well and then let the soil dry.

🐾 Pets

Can be toxic to pets.

Impress your friends with this cool fact

The NASA Clean Air Study determined that Aglaonema species are effective at removing household air toxins, such as formaldehyde and benzene.
