Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Banana

Musa species

Musa is also known as a Banana plant. Versatile as can be, this plant does just as well in a pot or planted in ground - just make sure it has excellent drainage.

Indoor plant

70°–85°

Outdoor plant

60°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy to care for, enjoy this plant inside or outdoors in warm climates.

☀ Light

Musa grow best in bright, indirect light, but will tolerate partial shade and some direct sun.

💧 Water

Water 2-3 times a week and more frequently in summer months.

🐱 Pets

Yes, safe for pets and your entire family.

Impress your friends with this cool fact

An important food crop in Ethiopia, and an ornamental plant enjoyed in landscapes around the world.
