

# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **[support@livelyroot.com](mailto:support@livelyroot.com)**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

# Nephrolepis Ferns

## *Nephrolepis*

This bushy and beautiful plant loves lots of humidity - they go great in bathrooms or in hanging baskets!

**Indoor plant**

68-78°

**Outdoor plant**

68-78°

### **Success Tips**

#### **Unwrapping your plant:**

To help your plant receive the oxygen and water it needs, please remove the plant from it's dirt bag. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

#### **Watering and drainage:**

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

### **Care**

Keep this plant in a humid space to keep it happy!

### **Light**

Prefers bright indirect sunlight, but can survive less.

### **Water**

Water well and then allow the soil to dry out between each watering.

### **Pets**

Safe for Pets.

## Impress your friends with this cool fact

Many Nephrolepis Ferns are also called "Sword Ferns" due to the shape of their fronds!
