

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Calathea

Calathea species

Calathea make the perfect indoor plants. Their large leaves allow Calathea to thrive in lower light environments and soak up rays through the surface area of their leaves.

Indoor plant

65°–75°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☀️ Care

This plant will thrive with a little extra love and attention. Make sure to spritz with filtered water often!

💧 Water

Allow the soil to dry out between waterings. Use filtered water on this plant!

☀️ Light

Bright, indirect light to filtered sun.

🐱 Pets

Safe for humans, pets, cats and dogs.

Impress your friends with this cool fact

Calathea move their leaves up at nighttime, and lower them in the daytime in accordance to a circadian rhythm.
