

# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

# Crystal Red Kale

*Brassica oleracea species*

This plant is perfect for the winter garden and early spring season. Its leaves like the blush of cool weather, enhancing the vibrance of colors in the center turning purple-magenta.

**Indoor plant**

36°–70°

## ✓ Success Tips

### Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

### Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☀ Care

Daytime temps between 40°F–70°F give the best results for color.

## ☀ Light

Plant in full sun (6–8 hours) to produce good leaf colors.

## 💧 Water

Let the soil dry a bit between waterings. During dry periods, supplement with a soft shower spray at the base. Avoid watering the leaves.

## 🐱 Pets

Toxic for pets.

## Impress your friends with this cool fact

In the late '20s, Palemon Howard Dorsett and William Joseph Morse conducted an expedition in Asia and brought this plant back to the states.
