

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Everblooming Lavender

Lavandula stoechas species

Lavender has been authenticated in studies to have antibacterial, anti-fungal, antimicrobial and antiseptic properties. This lavender essential oil is also used for calming the senses by inhaling deeply by rubbing a couple drops onto your hands.

Indoor plant

68°–86

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☀ Care

This plant prefers moderate dry temperatures, mild winters and bright sunshine 6-8 hours per day.

☀ Light

Enjoys bright, full sunlight 6-8 hours daily.

💧 Water

Water well if needed, then allow the soil to dry out between waterings. Water enough that the water discharges out of drainage holes.

🐱 Pets

Toxic if ingested.

Impress your friends with this cool fact

Flowers are aromatic nightly to entice sphinx moths to pollinate them, although the flowers yield no nectar.
