

# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

# Hoya Rope Plant

*Hoya carnososa species*

Our legends recall that when Fair Goldilocks lost a few strands of hair crossing a river, they landed in the grass. Tales have it that the Hoya grew from the golden locks of hair left behind from the princess.

**Indoor plant**

61°–75°

## ✓ Success Tips

### Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

### Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☀ Care

Avoid drafts or full sun on this plant.

## ☀ Light

This plant prefers bright, indirect light to promote blooming!

## 💧 Water

Keep the soil slightly moist and water when the soil gets dry on the top 2". Use filtered water, and don't let it sit in standing water.

## 🐱 Pets

Toxic for pets.

## Impress your friends with this cool fact

This plant originates from East Asia and Australia.
