

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Olive Tree

Olea europaea 'Mission'

This fruiting tree can get to 20-30 feet tall if planted outside, but makes a great indoor ornamental as well! This tree can fruit if given time and care - Yum!

Indoor plant

65°–85°

Outdoor plant

65°–80°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy for beginners and a great starter plant!

☀ Light

Enjoys full sun.

💧 Water

Use filtered water and water enough that it flows through the drainage holes. Once fully drained, replace into container.

🐱 Pets

Non-toxic to cats, dogs, and pets.

Impress your friends with this cool fact

This cold-resistant varietal is most popular for cold-pressing in the California olive trade.
