

# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at [support@livelyroot.com](mailto:support@livelyroot.com). We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

# Pilea Bronze

*Pilea spruceana* species

This plant has impressive, textured purple and silver striped leaves. As new leaves emerge, they display in a lovely peachy bronze color with opposite leaves.

**Indoor plant**

72°—85°

## ✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☰ Care

Keep this plant in rooms where the temperature is a comfortable 65°F-75°F and avoid cold drafts or air vents.

## 🌊 Water

Keep the soil slightly moist and bottom water when the soil dries out on the top 2". Use filtered water, and don't let them get soggy!

## ☀ Light

This plant does well in a northern or eastern facing window in medium, indirect light!

## 🐱 Pets

Non-Toxic for pets.

## Impress your friends with this cool fact

The Pilea Bronze originates from Bolivia and Peru.
