

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Ponytail Palm

Beaucarnea species

Varieties of plants within the *Beaucarnea* genus are commonly referred to as ponytail palms or elephants foot for their unique shape and foliage.

Indoor plant

70°–85°

Outdoor plant

55°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Surprisingly easy and fun to grow.

☀ Light

Enjoys bright, indirect light.

💧 Water

Water well and then allow the soil to dry out between each watering.

🐾 Pets

Non-Toxic to Dogs, Cats & Horses.

Impress your friends with this cool fact

Despite its name and palm-like appearance, the ponytail palm is not a true "palm." In fact, it is more closely related to desert plants in the *Agave* and *Yucca* genera (e.g., Joshua trees).
