# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at [support@livelyroot.com](mailto:support@livelyroot.com). We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

# Pothos

*Epipremnum Species*

Epipremnum is a beautiful and easy to care for house plant that is also referred to as Devil's Ivy or Pothos.

**Indoor plant**

65°–75°

## ✓ Success Tips

### Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

### Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☰ Care

Very easy to care for and perfect for beginners.

## ☀ Light

This plant loves low to medium indirect light.

## 💧 Water

Allow the soil to dry out completely between waterings.

## 🐱 Pets

Toxic to cats, dogs and pets.

## Impress your friends with this cool fact

Known as "Devil's Ivy" in Great Britain because it's nearly impossible to kill.
