

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

Red Rediculous Coleus

Asclepias curassavica “Red Butterfly”

This plant will dance in full sun or full shade. She hovers 2-3' tall with a 3' spread, so give her plenty of room to swirl. The ruby tones of this plant will add color to any outdoor space.

Outdoor plant

70°–100°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☼ Care

Keep this plant in rooms where the temperature is 65°F–85°F and avoid cold drafts or air vents below 55°F.

💧 Water

Keep your coleus consistently moist in well-drained soil throughout the growing season.

☀ Light

Plant this annual in garden beds with shade (2-4 hours) and part shade in the early morning sun (4-6 hours) in planting zones 11+

🐱 Pets

Toxic for pets to ingest.

Impress your friends with this cool fact

In Victorian times, Coleus was a parlor plant embellishing windows, window boxes, and conservatories.
