

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Snake Plant

Sansevieria species

Sansevieria are known by many names: Snake Plant, Mother-In-Law's Tongue, and Devil's Tongue to name a few. They make a wonderful house plant because of their extraordinary air purifying capabilities.

Indoor plant

70°–85°

Outdoor plant

55°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy for beginners and a great starter plant!

☀ Light

Best in medium light, but will tolerate a range of low to high.

💧 Water

Let the soil dry between waterings. Don't let it sit in water to avoid rotting.

🐱 Pets

Toxic to pets.

Impress your friends with this cool fact

Hollywood's plant! Sansevieria has frequently been used as a set decoration in many films and TV shows.
