

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

String of Dolphins

Curio x peregrinus species

String of Dolphins will get the swim party started with their lovely dolphin-shaped leaves and graceful curl, giving the impression that they are jumping out of the ocean.

Indoor plant

65°–80°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☼ Care

Indoor temps between 65°–80°F are best for this plant.

☀ Light

Place this plant in bright, indirect light or less than two hours in the morning light.

💧 Water

Water this plant with the bottom-up method when the soil is completely dry. Then, lift out of the water and let drain for a few minutes.

🐱 Pets

Non-toxic for pets.

Impress your friends with this cool fact

This plant is a hybrid of *Curio rowleyanus* (String of Pearls) and *Curio articulatus* (Hot dog cactus).
