

lively root

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Umbrella Tree

Schefflera species

Common plants within the Schefflera genus are the umbrella tree and the dwarf umbrella tree. We hope the information in this care card helps your relationship with your plant thrive.

Indoor plant

65°–75°

Outdoor plant

55°–85°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy to care for, easy to love.

☀ Light

Prefers bright indirect light.

💧 Water

Water well and then allow the soil to dry out between each watering.

🐱 Pets

Toxic to dogs and cats.

Impress your friends with this cool fact

In the wild, it sometimes grows on other trees as an epiphyte (growing on vertical surfaces or another plant).
