Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

Care

Keep these plants on the warm side for year-round color.

Light

These plants enjoy bright to moderate indirect light. Spritz occasionally.

Water

Allow the soil to dry out completely between waterings.

Pets

Pet-safe.

Impress your friends with this cool fact

These plants can bloom year-round with proper care!
