

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

African Daisy

Osteospermum species

This bright and hearty flower is easy to care for and will add a splash of vibrant color to your favorite space. It just brings that iconic 70's cheer to any setting

Indoor plant

65°–75°

Outdoor plant

60°–85°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not replot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Very easy to care for and great for beginners.

☀ Light

Enjoys full sun. Grows best outdoors.

💧 Water

Water when it arrives. Drought tolerant once established.

🐱 Pets

Non-toxic to pets.

Impress your friends with this cool fact

Only available in the trade since the early 1990s, osteospermum is a fairly recent addition to the gardening world.
