

# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at [support@livelyroot.com](mailto:support@livelyroot.com). We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

# Aralia

*Polyscias species*

Honestly, we love this plant so much. Yes, it's definitely a stump but what a gorgeous one. We hope the information in this care card helps your relationship with your plant thrive.

**Indoor plant**  
65°–75°

## ✓ Success Tips

### Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

### Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☼ Care

Ensure this plant doesn't get too dry, and make sure it gets enough light!

## ☼ Light

Enjoys moderate to bright, indirect light.

## 💧 Water

Allow the top inch or so of soil to dry between watering.

## 🐱 Pets

Toxic for pets.

## Impress your friends with this cool fact

Common leaf forms for the Aralia are called "Chicken Gizzard," "Dinner Plate," and "Spinach Leaf."
