

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Calla

Zantedeschia species

The Zantedeschia is a trumpet-shaped waxy flower with tall, thick stems. Long, pointed green leaves with streaks of white or yellowing spots decorate the leaf's surface. These long-lasting flowers are a symbol of purity and beauty.

Indoor plant

65°–75°

Outdoor plant

60°–85°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not replot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Very easy to care for and great for beginners.

☀ Light

Inside: Choose a sunny spot by the window.
Outdoors: Choose a spot with partial shade.

💧 Water

Water your Aloe vera when the soil is dry. Approximately every 2 weeks in summer and every 4 weeks in winter.

🐱 Pets

Toxic to pets.

Impress your friends with this cool fact

Researchers have discovered that aloe vera extract can be used as an alternative mouthwash and can block plaque while providing a Vitamin C dose.
