

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Croton

Codiaeum species

The Croton adds a nice tropical element to a brightly lit room. The care instructions below will guide you to enjoying its colors for years to come.

Indoor plant

70°–85°

Outdoor plant

50°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☀️ Care

Easy to care for if you find a permanent home for it with ample sunlight.

☀️ Light

Enjoys a lot of bright light for at least 4-6 hours a day.

💧 Water

Water well and then let the soil dry.

🐱 Pets

Toxic to pets.

Impress your friends with this cool fact

The more sun it gets, the more rainbow shades will appear in its variegated foliage.
