

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Forest Silver Dollar

Eucalyptus pulverulenta

This plant is a popular floral favorite with his blue foliage climbing up the stem. The scented leaves and stems appear with a white waxy powder that keeps them preserved, which is why they're often dried.

Indoor plant

65°–71°

Outdoor plant

65°–75°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy for beginners!

☀ Light

Enjoys full sun (6-8 hours).

💧 Water

Use filtered water and water enough that it flows through the drainage holes. Once fully drained, replace into container.

🐱 Pets

Toxic to ingest.

Impress your friends with this cool fact

Many people prune and dry the branches for dried floral arrangements. Eucalyptus grows fast and can grow several feet per year!
