Gardenia

Gardenia species

Gardenias are plants that produce beautiful white flowers and are happiest when they have shade in the afternoon and sun in the morning.

Indoor plant

65°–75°

Outdoor plant

55°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not replot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☼ Care

This beauty is worth the extra care to enjoy its rich fragrance.

☀ Light

Indoor: Bright, indirect light all day long.

Outdoors: Partial shade with morning sun when possible.

💧 Water

When the top 1" soil is dry, water thoroughly, often about 1-2 times a week.

🐱 Pets

This plant can be mildly toxic to animals.

Impress your friends with this cool fact

Gardenias originate from the coffee plant family, 'Rubiaceae.'
