

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Giant Mosaic Coleus

Solenostemon scutellarioides species

The Giant Mosaic Coleus is a drama waiting to happen with his colossal leaves. The colors are vibrant enough to add pizzazz to any shady garden where a limited plant palette grows.

Indoor plant

70°–100°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☼ Care

Keep this plant in warm temperatures and don't expose it to temperatures below 50°F.

💧 Water

Keep consistently moist in well-drained soil throughout the growing season. Avoid getting water on the leaves and leaving spots.

☀ Light

Outdoors: Plant this annual in garden beds with shade. Indoors: Bright, indirect light, or supplemental lighting.

🐾 Pets

May cause skin irritation.

Impress your friends with this cool fact

Flowers are aromatic nightly to entice sphinx moths to pollinate them, although the flowers yield no nectar.
