

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Hibiscus

Hibiscus species

This plant is a symbolism of romance and hospitality with its bodacious flower display. We hope the information in this care card helps your relationship with your plant thrive.

Indoor plant

50°–79°

Outdoor plant

59°–79°

Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

Care

This plant thrives in warmer and humid temperatures. Keep it out of cold drafts.

Water

Moist but not soggy; keep the roots evenly moist. Give supplemental watering in the first year.

Light

Full sun (6-8 hrs of direct sun) to part shade (4-6 hours of direct sun) Overwinter indoors in bright, indirect light.

Pets

Safe for pets

Impress your friends with this cool fact

Flowers are aromatic nightly to entice sphinx moths to pollinate them, although the flowers yield no nectar.
