

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Italian Stone Pine

Pinus pinea

Keep this handsome conifer in full sun in a spot if planting outside. This pine is a slow growing conifer, but outside in happy conditions can reach up to 60 ft. tall!

Indoor plant

65°–85°

Outdoor plant

50°–80°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☰ Care

Easy for beginners! Keep this plant in a mild climate where it doesn't get below 50°F.

💧 Water

Use filtered water and water enough that it flows through the drainage holes. Once fully drained, replace into container.

☀ Light

Enjoys full sun (6-8 hours).

🐱 Pets

Harmful if ingested.

Impress your friends with this cool fact

Italian Stone Pines has been a landscape specimen in Italy since the Italian Renaissance period.
