# Jade

*Crassula ovata species*

Jade plants are a favorite in feng shui. Because of the shape of their leaves resembling coins, the Jade plant represents wealth and prosperity. Place this plant near the entryway or a southeast location to proliferate success.

**Indoor plant**

60°–77°

## ✓ Success Tips

### Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

### Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☼ Care

Daytime temps should be between 60°F–77°F and nighttime temperatures can fluctuate between 50 and 55° F.

## 💧 Water

Water well with filtered water and then allow soil to dry out between each watering.

## ☀ Light

This plant requires bright, indirect light preferably in a southern exposure.

## 🐱 Pets

Toxic to pets if ingested.

## Impress your friends with this cool fact

Flowers are aromatic nightly to entice sphinx moths to pollinate them, although the flowers yield no nectar.
