

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Kalanchoe

Kalanchoe species

Kalanchoes come in a variety of colors and are easy to care for, making these plants a perfect addition to any home.

Indoor plant

70°–85°

Outdoor plant

55°–95°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container. Avoid overwatering.

☰ Care

Easy for beginners and a great starter plant!

☀ Light

Bright, indirect light to filtered sun.

💧 Water

Allow the soil to dry out completely between waterings.

🐱 Pets

Toxic to pets if ingested.

Impress your friends with this cool fact

Kalanchoe is a popular plant during Chinese New Year celebrations, as it is said to bring wealth and prosperity.
