

# Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **[support@livelyroot.com](mailto:support@livelyroot.com)**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

# Mini Carnation Super Trouper

*Dianthus caryophyllus*

This plant's double blooms and blue-gray grasslike foliage wave throughout the growing season, making them an excellent border groundcover. The blooms grow 14 inches tall by 12 inches wide.

**Outdoor plant**

40°–85°

## ✓ Success Tips

### Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

### Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

## ☀ Care

Dianthus can handle a light frost.

## ☀ Light

Add this plant to a full sun area in the garden (6-8 hours).

## 💧 Water

Keep your soil at a lower moisture and let dry out between waterings. Water at the base to prevent mildew.

## 🐱 Pets

Toxic for pets.

## Impress your friends with this cool fact

Dianthus bloom attracts moths and butterflies to the garden.
