

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at support@livelyroot.com. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) ↘

Polka Dot Plant

Hypoestes species

Polka dot plants make wonderful indoor plants and you can also grow them as annuals in temperate to warm zones. Their foliage is an attractive mix of brightly colored leaves.

Indoor plant

70°–85°

Outdoor plant

55°–85°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. Do not repot for the first 30 days after it arrives to avoid transplant shock.

Watering and drainage:

When watering your new plant, remove the grower pot from the eco pot or decorative container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☼ Care

Some thoughtful care required. Likes humidity so give it a mist once in a while.

☼ Light

Bright, indirect light to filtered sun.

💧 Water

Allow the soil to dry out completely between waterings.

🐱 Pets

ASPCA Certified
Pet Safe

Impress your friends with this cool fact

Many people use their polka dot plants in a grouping of plants for indoor planters.
