

Welcome To Lively Root

We are delighted you have grown your Lively Root plant family. If you have any problems, need plant advice, or just want to have a great plant conversation, email us any time at **support@livelyroot.com**. We are incredibly thankful to have the opportunity to share our love of plants with you.

(Care Card on reverse!) 

Wanderlust Tradescantia Zebrina

Tradescantia zebrina species

Wanderlust displays stripes of deep green, creamy silver, and purple tinges. Their trailing habit make them a perfect shelf or hanging planter to enjoy both sides of the colorful leaf appearance.

Outdoor plant

55°–80°

✓ Success Tips

Unwrapping your plant:

To help your plant receive the oxygen and water it needs, please remove the plant from its dirt bag. There is a layer of moss next to the soil that can remain as a mulch, or you can choose to remove it.

Watering and drainage:

When watering your new plant, remove the grower pot from the container and place it over a sink. Allow the plant to drain fully before putting the grower pot back into the decorative container.

☼ Care

Keep the soil slightly moist and water when the soil reaches a #4 on the moisture meter using filtered water.

☼ Water

This plant requires moist, well-drained soil.

☼ Light

This plant enjoys bright, indirect light. The more light this plant receives, the more flowers they will produce.

🐱 Pets

Toxic to touch.

Impress your friends with this cool fact

This plant originates from the gulf coast region of eastern Mexico.
